MEMORANDUM FOR THE RECORD

I discussed in general the subject of exceptions to the recent Agency policy declaration regarding the grade levels of secretarial positions causing them to relate to the grade level of a position being served by a secretary. [REDACTED] definitely does not desire to consider any exceptions at this time or in the near future. He is firmly of the position and has asked that we continue to carry out the Agency's policy in the way in which we had planned for DD/P cases. If the situation is warranted, he is willing for me to bring the subject up for discussion with him at some future date (I would suggest in three or four months).
